

4TH OF JULY 4 PERSON YELLOW BALL TOURNAMENT

JULY 4, 2018

Entry Fee: \$25.00 person

(Does not include greens fee or cart)

Yellow Ball:

The individual playing the orange ball will play the ball for an individual stroke play score

The three other individuals will play a scramble format:

Each Member of a team tees off. Then, the team selects the best tee shot of the group that were hit. All team members drop their ball at that location and play another shot. Then, the best shot of those is chosen and the team members play from that position. This process continues until any member of the team reaches the green. All of this will continue until the ball is in the hole.

(Note: when placing the ball at the selected spot, it should be placed within one club length without improving the playing condition, i.e. balls selected in the rough should be played from the rough no closer to the hole, balls selected on the fringe should be played from the fringe no closer to the hole, etc. On the green all ball should be played from where the selected ball was marked.)

The team score will be a combination of the individual stroke play score and the scramble score.

If the orange ball is lost, a 5 stroke penalty will be added to the team score
